

## Discussion guide

---

When you see your doctor or when you're at the pharmacy to get your annual flu shot, here are a few questions about the flu and FLUCELVAX QUADRIVALENT® (Influenza Vaccine) you may want to discuss:

01

What are the most common symptoms of the flu?

02

What are the best ways to protect myself from getting the flu?

03

When does flu season begin?

04

When is the best time for me to get an annual flu shot?

05

How is FLUCELVAX QUADRIVALENT different from other flu vaccines?

06

What are the differences between cell culture-based flu vaccines and egg-based flu vaccines?

07

What are the most common adverse events associated with FLUCELVAX QUADRIVALENT?

08

What is the difference between FLUCELVAX and FLUCELVAX QUADRIVALENT?

09

Does FLUCELVAX QUADRIVALENT contain latex?

10

Does FLUCELVAX QUADRIVALENT contain preservatives or antibiotics?
